ARTICLE 11 - TECHNICAL COMMISSION - This commission is in charge to inspect any personal setup project that could be considered by the exhibitor (decoration, advertising displays, animations on the stand).

Upon pain of non-guarantee, each exhibitor must be able to produce its inventory book to the expert at any time. Only the following types of sales are forbidden: auctions, the so-called « snowball » sales and « à la postiche » sales (dummy sales). The latter takes place, firstly by the sale of the product to the consumer against any means of payment. Secondly, the same vendor offers the same consumer a new product in addition to the first product and for a higher price. He then returns the amount paid in the first instance, against a new payment. The operation of successive exchange of cheques (or other means of payment) is performed as often as new products are added to the old. Through this process, the consumer is unconsciously led to incur significant expenses he did not initially intend to make when he arrived at the exhibition. The authorisation of tasting against payment makes the exhibitor liable to compliance with specific regulations relating thereto.

ARTICLE 16 - COMPULSORY INSURANCE - Exhibitors must take out property damage insurance for the sum of 5 000 € set up by the organiser through the participation agreement. Beyond this cover additional insurance must be requested from the organiser.

The clauses guarantees, excesses (including theft) appear in detail in the information sheet sent to the exhibitor upon request.

The insurance conditions may be amended in accordance with the requirements of insurers. Any alterations shall be accepted by the exhibitor which undertakes not to regard them as being likely to jeopardise the participation agreement.

ARTICLE 17 - PHOTOGRAPHS, FILMS, SOUNDTRACKS - Photographs, films and soundtracks made by companies at the exhibition may be permitted, subject to written consent of CFCIM. The creation of photographs, films, video and soundtracks by visitors may be forbidden by CFCIM. Photography of certain objects on stands may be forbidden at the request and on behalf of exhibitors. CFCIM shall not be liable for any claims or complaints arising from any photography whether authorised or not. The exhibitor authorises CFCIM to use any photographs showing its stand (including representation of its trademarks, logos and products) made during the exhibition, for its own exclusive promotion on any medium whatsoever (including websites operated by CFCIM). This consent, valid for a period of 5 years shall only relate to use for internal communication, promotional brochures and CFCIM press releases. The exhibitor waves the rights to any remuneration in this respect together with any rights of use of communications of CFCIM. Any comments or captions accompany the reproduction or representation of photographs must not damage its image and/or reputation.

ARTICLE 18 - DEMONSTRATION EQUIPMENT - All demonstration machines must be equipped with a safety system.

ARTICLE 19 - MONITORING SERVICE AND EVACUATION OF SITES - The organizer monitors the "Expo Parc", day and night, outside from opening hours, 3 days before the event, during the term and one day following the event.
